

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am a CWA member who works for American Federation of Government Employees (AFGE). I am an organizer who travels frequently. The thoughts of having fellow passengers yacking for hours would drive me to the lunie bin. I am begging the FCC to keep cell phones rules the same except in a case of emergency.

There is no hard evidence that cell phone use doesn't interfere with navigational instruments. The introduction of cell phone use in the cabin will not only increase tension among passengers, it will compromise flight attendants' ability to maintain order in an emergency. Cell phone use could also enable terrorists to coordinate a plan of action more effectively.

Please leave the current rules in effect.

Sincerely,

Jill McCullars
